

CAO Triporteur Nihola

Full Covering - māj 04/25

- Cutout with bleed - this is what we print
- Final shape - this what we'll see
- Safe zone
(do not place any important design element outside this zone)
- Deformation or folding zone

Scale 1/10th

Instructions

- Use this file to help you design the covering:
- Open and save this document with **Illustrator**
 - Place the design within the **cutout zone**, do not place any important element outside the **safe zone**
 - Only place the elements in the «**Design**» layer
 - Please use bleed as the cutout do not represent exactly the reality, the artwork will need to be adjusted before printing

Definition:
Min 100 ppi on scale - 1000 ppi at 1/10th

Make sure you:

Vectorise every font before sending

Include every linked file when saving or send them with this file

Save your file to be compatible with illustrator

Design can be sent:

- via email: stephen@tripup.fr
- on CD / DVD addressed to : Tripup 11 rue Morice 92110 Clichy - France
- on your ftp site
